

Supplementary Material to “New nests of *Zethus* reveal unexpected architecture variation in the *olmecus* species group (Hymenoptera, Vespidae)”

Figure S2 Nest of *Zethus notatus* (below) and respective mapping of its cells (above) viewed from above (left) and laterally (right). Gray – cell walls. White circles – cell openings. Dark gray – leaf strips participating on fixation. Asterisk – point of fixation. Numbers – cell identification. *dbb* – distance between bottom of adjacent cells. *dbo* – distance between bottom of present cell and opening of previous cell.
