**Table 1S.** Demographic and environmental factors and scleral contact lenses wear during the study period

| Variable                    | Pilot group (n=7) |
|-----------------------------|-------------------|
| Age, years                  | 32.8 (29-35)      |
| Sex female/male, %          | 71.4 / 28.5       |
| Screen exposure*, hours/day | 12 (9-14)         |
| ScCL wear, hours/day        | 5 (4-6)           |
| ScCL wear, days/week        | 3 (2-4)           |

\*Digital devices and/or monitors.  
ScCL: scleral contact lens.
